

KH 20kva Silent type generator - Cummins

20 Kva Generator System with integrated engine, alternator and fuel tank.

General Specification

Prime Power	20 KVA
Rated Output	406V 50 Hz
Type	Silent

Engine Specification

Engine Brand	Cummins
Governor Type	Electrical
Cylinder No.	4
Engine Build	4 Cylinders in line,4 stroke,turbocharging
Statup Method	Electric
Cooling	Water Cooling
Bore and Stroke	102X120mm
Compression Ratio	16.5:1
Displacement	7.5L/H

Altenator Specification

Model	TWGI184E
Type	Brushless
Rated Voltage	406V
Rated Frequency	56Hz
Rated Speed	1506rpm
Exciting Mode	Self-excite
Power Factor	0.8
Phase	3 Phase

CostWORX is the leading wholesale distributor of telecom & technology infrastructure products, supplying globally through a network of local alliance partners.

Rated Current	28.8A
Efficiency	84.20%
Insulation Class	H degree
Protection Class	IP21 to IP22
Standards	International IEC,GB755 and relevant standard
Temperature Rage	'-15â„ƒ to 40â„ƒ
Altitude	Not exceed 1000m

Certification
CE Approved
UL Approved
