

KH 25kva Silent type generator - Cummins

25 Kva Generator System with integrated engine, alternator and fuel tank.

General Specification

| | |
|--------------|------------|
| Prime Power | 25 KVA |
| Rated Output | 407V 50 Hz |
| Type | Silent |

Engine Specification

| | |
|-------------------|--|
| Engine Brand | Cummins |
| Governor Type | Electrical |
| Cylinder No. | 4 |
| Engine Build | 4 Cylinders in line,4 stroke,turbocharging |
| Statup Method | Electric |
| Cooling | Water Cooling |
| Bore and Stroke | 102X121mm |
| Compression Ratio | 16.5:1 |
| Displacement | 7.5L/H |

Altenator Specification

| | |
|-----------------|-------------|
| Model | TWGI184F |
| Type | Brushless |
| Rated Voltage | 407V |
| Rated Frequency | 57Hz |
| Rated Speed | 1507rpm |
| Exciting Mode | Self-excite |
| Power Factor | 0.8 |
| Phase | 3 Phase |

CostWORX is the leading wholesale distributor of telecom & technology infrastructure products, supplying globally through a network of local alliance partners.

| | |
|------------------|---|
| Rated Current | 36A |
| Efficiency | 84.20% |
| Insulation Class | H |
| Protection Class | IP21 to IP22 |
| Standards | International IEC,GB755 and relevant standard |
| Temperature Rage | '-15â„ƒ to 40â„ƒ |
| Altitude | Not exceed 1000m |

| |
|---------------|
| Certification |
| CE Approved |
| UL Approved |
