

## KH 30kva Silent type generator - Cummins

30 Kva Generator System with integrated engine, alternator and fuel tank.

### General Specification

Prime Power	30 KVA
Rated Output	408V 50 Hz
Type	Silent

### Engine Specification

Engine Brand	Cummins
Governor Type	Electrical
Cylinder No.	4
Engine Build	4 Cylinders in line,4 stroke,turbocharging
Statup Method	Electric
Cooling	Water Cooling
Bore and Stroke	102X122mm
Compression Ratio	16.5:1
Displacement	10.3L/H

### Altenator Specification

Model	TWGI184G
Type	Brushless
Rated Voltage	408V
Rated Frequency	58Hz
Rated Speed	1508rpm
Exciting Mode	Self-excite
Power Factor	0.8
Phase	3 Phase

CostWORX is the leading wholesale distributor of telecom & technology infrastructure products, supplying globally through a network of local alliance partners.

Rated Current	43.2A
Efficiency	86.60%
Insulation Class	H
Protection Class	IP21 to IP22
Standards	International IEC,GB755 and relevant standard
Temperature Rage	'-15â„ƒ to 40â„ƒ
Altitude	Not exceed 1000m

Certification
CE Approved
UL Approved
