

TH 7kva silent type generator - Yanmar

7 Kva Generator System with integrated engine, alternator and fuel tank.

General Specification

Prime Power	7 KVA
Rated Output	400V 50 Hz
Type	72dB at 7M silent

Engine Specification

Engine Brand	Yanmar(Japan)/3TNV76-GGE
Governor Type	Mechanical
Cylinder No.	3
Engine Build	Linear
Statup Method	Electric
Cooling	Water Cooling
Bore and Stroke	76x82mm
Compression Ratio	23.5:1
Displacement	1.116L

Altenator Specification

Model	BCI164A
Type	A.C. Synchronous
Rated Voltage	400V
Rated Frequency	50HZ
Rated Speed	1500RPM
Exciting Mode	Brushless self exciting
Power Factor	0.8
Phase	3 Phase

CostWORX is the leading wholesale distributor of telecom & technology infrastructure products, supplying globally through a network of local alliance partners.

Rated Current	11.7A
Efficiency	76.20%
Insulation Class	H
Protection Class	IP23
Standards	IEC34-1,NEMA1
Temperature Rage	50 to -20â„ƒ
Altitude	1000M
