

CAT Olympian - 12 Kva Silent

Caterpillar OLYMPIAN 12 Kva Generator System with integrated engine, alternator, fuel tank and Controller.

General Specification

Prime Power	12.5 kVA
Rated Output	400V/230V 50 Hz
Type	Silent
Fuel Consumption	4.0 L/HR
Fuel Tank	45 L
Noise Level	77.2 dB
Weight	393 Kg
Dimensions	1593 x 900 x 1275
Control Panel	Powerwizard 1.0

Engine Specification

Engine Brand	Perkins
Governor Type	Mechanical
Cylinder No.	3 / In Line
Engine Build	wuxi
Statup Method	Electric Motor
Cooling	Water
Bore and Stroke	84*90mm
Compression Ratio	22.5:1
Displacement	1.5L

Altenator Specification

Model	LL1014H
Type	Self regulating brushless
Rated Voltage	400 / 230 V
Rated Frequency	50 Hz

CostWORX is the leading wholesale distributor of telecom & technology infrastructure products, supplying globally through a network of local alliance partners.

Rated Speed	1500 rpm
Exciting Mode	SHUNT
Power Factor	0.8
Phase	3 Phase
Rated Current	20.39 A
Efficiency	82.50 %
Insulation Class	H
Protection Class	IP23
Standards	IEC60034
Temperature Rage	40â„ƒ to 150â„ƒ
Altitude	<=1000 m

Certification
CE Approved
UL Approved
