

CAT Olympian - 30 Kva Open

Caterpillar OLYMPIAN 30 Kva Generator System with integrated engine, alternator, fuel tank and Controller.

General Specification

Prime Power	30.0 kVA
Rated Output	400V/230V 50HZ
Type	open
Fuel Consumption	7.6 L/HR
Fuel Tank	144 L
Noise Level	93.9 dB
Weight	810 Kg
Dimensions	1770 x 714 x 1368
Control Panel	Powerwizard 1.0

Engine Specification

Engine Brand	Perkins
Governor Type	Mechanical
Cylinder No.	3 / In Line
Engine Build	larne
Statup Method	Electric Motor
Cooling	Water
Bore and Stroke	105*127mm
Compression Ratio	19.25:1
Displacement	3.3L

Altenator Specification

Model	LL1014S
Type	Self regulating brushless
Rated Voltage	400 / 230 V
Rated Frequency	50 Hz

CostWORX is the leading wholesale distributor of telecom & technology infrastructure products, supplying globally through a network of local alliance partners.

Rated Speed	1500 rpm
Exciting Mode	SHUNT
Power Factor	0.8
Phase	3 Phase
Rated Current	49.83 A
Efficiency	89.30 %
Insulation Class	H
Protection Class	IP23
Standards	IEC60034
Temperature Rage	-40â„ƒ to 150â„ƒ
Altitude	<=1000 m

Certification

CE Approved

UL Approved
